

# MAINE STANDS UP is suing the Governor

**Maine Stands Up** has challenged  
the **State of Emergency** that  
denied us our **Constitutional Rights**

Do you feel that your rights to freedom of speech, freedom of religion, and freedom of movement, or your rights to earn a living for your family, or make your own medical choices, have been infringed upon?

Even though mandates have been lifted, a simple signature from our Governor is all it takes to restrict these freedoms once again.

**We must organize and remain vigilant.  
Join our movement for the people.**
